02.06.2023 - V1.0

User Interface Adapter Board B

This User Interface Adapter Board is designed to connect our KU EDPU 5.0 easily to our KU SG 2.45-250 D and KU SG 2.45-25 B microwave power generator.

! Please notice support page to check software compatibility!

All connections are looped through to the free solder points, in order to be able to connect e.g. an analog power control further on.
